Quarterly Crime Prevention Tip

It’s winter time and it’s cold out there! A frosty, frigid vehicle is NO FUN to sit in for you or your family; however, unattended vehicles have become “crimes of opportunity” for many this time of year!

Leaving an unattended vehicle running to warm it up gives crooks a chance to steal your car!

RPD recommends staying with your vehicle while it warms to prevent thieves from stealing your vehicle.

Quarterly Crime Prevention Tip (continued)

- Remove GPS, mobile phones & other electronic devices from unattended cars.
- With the shorter days, you are likely to be returning home from work in the dark. Use timer switches on lights to make your home look occupied.
- If you are going away from your home on vacation, ask a friend or neighbor to keep an eye on your home and remove your mail. ALSO, contact RPD and request that your home is placed on the “vacation watch list” while you are away. It’s FREE!
