RICHMOND, VA 23223**

**SECTOR 112, NEWSLETTER
FEBRUARY 2010**

MARCH 2, 2010

Greetings to all,

As many of you know Lt. Emmett Williams has taken on a new assignment and I am the new Sector Lieutenant for 112. In his new role he will still be working out of 1st Precinct and you will still see him around. I am looking forward to meeting the members of the community at the various neighborhood meetings and please contact me via phone or email with any questions or concerns that arise.

For February 2010 Sector 112 saw a slight increase in major crimes when compared to the previous year. Although our violent crimes were on par with last year, our property crimes saw a 38% increase. Many of our property crime categories saw a decent decline; however burglaries to residences and larcenies from automobiles had an increase compared to 2009. Many of the burglaries are occurring to properties that are currently unoccupied, leaving them susceptible to larcenies. If you own a vacant property in Sector 112, or are aware of some in your neighborhood, please send me a listing so we can keep a check on them. As always we need your assistance with these properties as well, if you see any suspicious activity around them please call 911.

In reference to the larcenies from vehicles; please remember to get valuables out of sight when parking your vehicle. Many instances of theft involve electronics such and GPS devices and laptop computers that have been left visible in the vehicle. Ensuring these items are secured in the trunk or taking them with you stops you from becoming a victim.

Again I am looking forward to meeting and working with the citizens and business owners in Sector 112. I am ready to build on the relationship many of you already have with the Richmond Police Department and start one with those of you that have previously been hesitant about being involved with your

community.

Regards,

Lt. John W. Beazley

First Precinct Sector 112
