

Second Precinct – Sector 213 Community News Letter

January 2012

Acting Lieutenant Tommy Lloyd

646-8144-Office

Greetings,

We start the year off with some violence this month. We recorded our first homicide since March of last year. This homicide occurred in the 3000 block of Columbia Street. The only good news in regards to this homicide is that the officers of Sector 213 were able to respond quickly to the scene and were able to make an arrest of a possible suspect within minutes of the homicide. Also to be noted is that the community was quick to assist us in the arrest of this individual with providing information on the suspect that aided us greatly in catching him.

Another issue that arose during the month of January is an increase in gang related crime. A victim was assaulted by several gang members along the Jefferson Davis Highway and Terminal Avenue area. The officers were able to obtain a lot of information from the victim and worked alongside the police departments Gang Unit and were able to arrest several members of this gang. I worked as a supervisor of the Gang Unit for over five years and I know the how hard these cases are to put together for prosecution. The members of the Gang Unit along with the Sector 213 officers who initially responded to the scene worked together diligently and were able to arrest these violent gang members.

The month of January crime stats shows that 66% of all reported major crime came from again from three neighborhoods, Bellemeade, Windsor and Jefferson Davis. With this information we have directed officers to work in a more aggressive manner in these select neighborhoods to combat these issues. The leading crimes were for larcenies and thefts from motor vehicles. To assist us in combating these crimes each of you need to be diligent in putting your belongings away and out of the sight of criminals. Thieves look for the easy score. If you leave your items out where they can be easily

stolen you leave yourself open to these criminals. Officers patrolling can only do so much, each of you have responsibility in the prevention area of your own property.

On the brighter side our Motor Vehicle Theft has dropped dramatically and I thank each of you for your assistance in this matter.

I will break down reported Major Crimes for your neighborhoods:

Bellemeade

Major Crimes:

Aggravated Assaults: zero reported

Larcenies: five reported

Arson: one reported

Burglaries: zero reported

Abduction: one reported

Motor Vehicle Theft: zero reported
