## **Richmond Retirement System Receives PPCC Award**

On October 13, 2011, the Public Pension Coordinating Council (PPCC) presented the Public Pension Standards Award for Funding and Administration for 2011 to the Richmond Retirement System (RRS). The award represents that the City's Retirement System has met or exceeded professional standards for plan funding and administration, as set forth by the PPCC. The award standards are a benchmark by which public retirement plan administrations are measured.

The Public Pension Coordinating Council is a confederation of the National Association of State Retirement Administrators (NASRA); the National Council on Teacher Retirement (NCTR); and the National Conference on Public Employee Retirement Systems (NCPERS). Together, these associations represent more than 500 of the largest pension plans in the U.S.

The PPCC has been awarding the Public Pension Standards Award to public plans since 2002.
