

Richmond Department of Public Utilities Presents:

# STREETLIGHTS

Coloring Book & Activity Book

Hi, I'm Utility Buddy. I work at the City of Richmond  
Department of Public Utilities.

One of the things we do is fix the streetlights when they break.

# 30,000

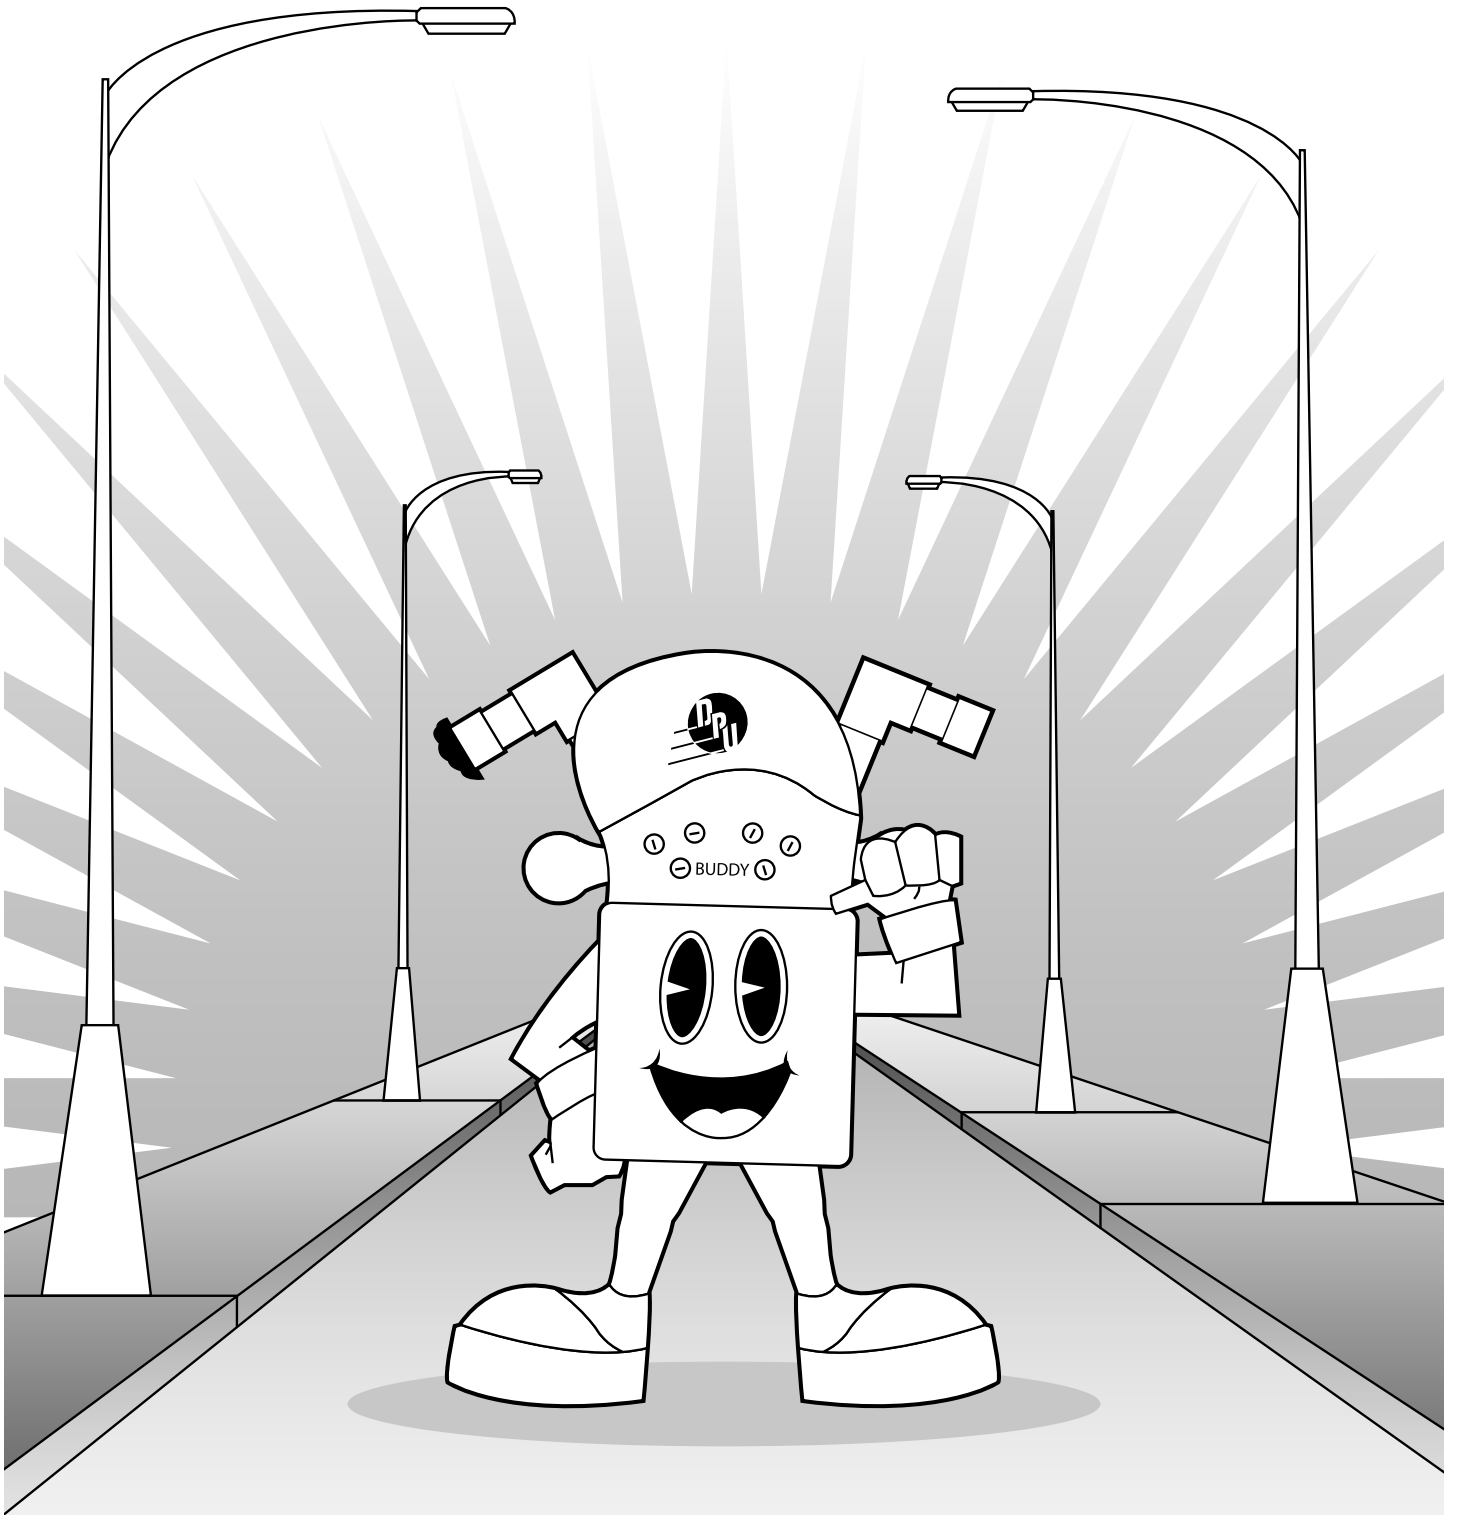

We take care of 30,000 streetlights.  
That's a lot of lights.

Whenever a streetlight burns out, we come out and put in a new bulb just like your mommy or daddy does when a light in your house burns out.

Streetlights are important because they make it easier to see at night. We can feel safe when there is light.

So think of me whenever you see the lights outside!
